

Sprint 4 Plan  
Hobby Tracker  
Hobby Trackers  
Sprint Completion Date: 5/??/2023  
Revision: 1.0, ?/??/2023

**Goal:** Get our MVP for our product complete, with everything ready to have demoed. Try to add in some additional features that we wanted for our product afterwards.

**Task Listing:**

**User Story 1:** As a user, I want my images/descriptions to appear on the home page of the website so that I can see my own posts, and other people's posts. []

**Task 1:** Pull Images and descriptions from the database

**Task 2:** Create graphql function to query posts from database

**Task 3:** Create a layout for the images and descriptions on the home page

**Task 4:** Make sure that images are displayed in reverse chronological order (newest first)

**User Story 2:** As a user, I want there to be a way for me to only see my posts so that I can go back and look at what I previously did without having to sift through other people's images.

**Task 1:** Query database only using specific users id.

**Task 2:** Make sure that they are also in reverse chronological order and fit the formatting

**Task 3:** Way to set back to all user images appearing on main screen

**User Story 3:** As a user, I want to be able to search through other posts, so that I can try and find specific hobbies and their images.

**Task 1:** Have a search bar on the home screen

**Task 2:** Query the database of all descriptions and see if searched word is a part of any descriptions

**Task 3:** Displaying those found with key word in description.

**Team Roles:**

Lawrence: PO/Developer  
Tad: Developer  
Leo: Scrum Master/Developer  
Mona: Developer  
Albert: Developer

Raymond: Developer
