

Sprint #4 Report

Hobby Tracker

Hobby-Trackers

6/6/2023

Actions to Stop Doing:

- NA
- The team has gone through 3 other sprint iterations where we were able to capture the main actions that were having negative effects on the team. At this point, we are satisfied with how the team works together and therefore there are no actions we wish to stop doing.

Actions to Start Doing:

- Make sure that the sprint reports are completely finished and follow the template properly
 - Sort of to double check that all of our documentation is consistent and matches up with what it is suppose to look like
 - Just in case we looked over some minor errors
- Prepare to present our code/demo
 - We need to start figuring out how we want to present our completed project, so when it comes time for us to show how our project works

Actions to Keep Doing:

- Working together as a team
 - Overall helped us to get where we are currently

- No communication causes people to be left out of what's going on, and making progressing much more difficult
- Consistently communicating
 - Similar to work as a team, communication is the most important aspect of working on a team oriented project.
 - Lack of communication will kill a project

Work Completed/Not Completed:

- **Completed:**
 - Able to see posts on home page
- **Not Completed:**
 - Did not fully implement the search feature. Able to get the search bar itself, but cannot search through posts
 - Can choose to see only 'my' own posts

Work Completion Rate:

The team completed 2 user stories out of 3.

- **Total number of user stories completed:** 1
- **Total number of estimated ideal work hours completed:** 85
- **Total number of days during the sprint:** 14
- **User-Stories/Day:** $2/14 \approx 0.143$ User-Stories per day
- **Hours/Day:** $85/14 \approx 6.07$ hours per day

- **Averages Through all sprints**
 - **User-Stories/Day:** $(3+3+1+1) / (14+14+14+14) \approx 0.143$ User-Stories per day
 - **Hours/Day:** $(60+100+65+85) / (14+14+14+14) \approx 5.54$ hours per day
