Sprint #3 Report

Hobby Tracker

Hobby-Trackers

5/23/2023

Actions to Stop Doing:

- The team should stop trying to help with other tasks (When not done with own)
 - Meant in an indepth helping way, if you, yourself are not completed with your own task. So we can focus on what is in front of us first.
 - Obviously can help in minor ways

Actions to Start Doing:

- Team wants to schedule some 'discord' meetings
 - Quick meetings that only those who want to attend go to
 - Discuss small things
 - Allows for more communication among the team, and/or certain members can work on specific tasks without having to be in person
- Team wants to have more code breakdowns
 - So that team members can understand the code that is being worked on from other members because understanding the code is important.

Actions to Keep Doing:

- Letting know when schedules are becoming filled
 - Allows for easier time allocation
 - We have done before and allowed us not to pile on User stories for a sprint

- Boosting the morale of the team
 - Makes everyone feel better about the work being done
 - Positive environment have more work being done

Work Completed/Not Completed:

- Completed:

- **User Story 1** As a user, I want to be able to easily traverse the website, so I don't have to learn some new UI.
- **User Story 3** As a user, I want to be able to sign out of my account, so no one who uses my device can post on my account.

- Not Completed:

- User Story 2 - As a user, I want the option to categorize my images by different hobby-related tags, so that I can find other posts with similar tags

Work Completion Rate:

The team completed 1 user stories out of 3.

- Total number of user stories completed: 2
- Total number of estimated ideal work hours completed: 65
- Total number of days during the sprint: 14
- User-Stories/Day: $1/14 \approx 0.07$ User-Stories per day
- **Hours/Day:** $65/14 \approx 4.64$ hours per day
- Averages Through all sprints
 - **User-Stories/Day:** $(3+3+2) / (14+14+14) \approx 0.190$ User-Stories per day
 - **Hours/Day:** $(60+100+65)/(14+14+14) \approx 5.36$ hours per day
