Sprint 4 Plan
Hobby Tracker
Hobby-Trackers
Sprint Completion Date: 6/62023
Revision: 1.0, 5/24/2023

Goal: Get our MVP for our product complete, with everything ready to have demoed. Try to add in some additional features that we wanted for our product afterwards.

Task Listing:

User Story 1: As a user, I want my images/descriptions to appear on the homepage of the website so that I can see my own posts, and other people's posts.
       Task 1: Pull Images and descriptions from the database [10]
       Task 2: Create graphql function to query posts from database [5]
       Task 3: Create a layout for the images and descriptions on the home page [10]
       Task 4: Make sure that images are displayed in reverse chronological order (newest first) [5]
Total Hours for User Story 1: 30

User Story 2: As a user, I want there to be a way for me to only see my posts so that I can go back and look at what I previously did without having to sift through other people's images.
       Task 1: Query database only using specific users id. [10]
       Task 2: Make sure that they are also in reverse chronological order and fit the formatting [10]
       Task 3: Way to set back to all user images appearing on main screen [5]
Total Hours for User Story 2: 25

User Story 3: As a user, I want to be able to search through other posts, so that I can try and find specific hobbies and their images.
       Task 1: Have a search bar on the home screen [5]
       Task 2: Query the database of all descriptions and see if searched word is a part of any descriptions [15]
       Task 3: Displaying those found with key word in description. [10]
Total Hours for User Story 3: 30

Team Roles:

Lawrence: PO/Developer
