Team Definition of Done (D.O.D)

Task
- Code compiles on own end and does not cause issues when compiled
- When pushed to Git Hub branch, there are no conflicts
    - Have other group members look at the branch before merging into the main
        - Put in proper area
- Follows our style guide

User Story
- All tasks are pushed to the Git Hub and merged into the main branch
    - Tasks all follow DOD for tasks
- User story works as initially planned
- Demo of what user story accomplished
    - Something able to show the TA

Style Rules:
1. Prettier for all files for format
2. Naming convention:
    a. Describes function/style
    b. Follows snake case
3. No repetition
4. Don't make code over complicated
5. Have comments to help explain to others who read the code
